I have extracted pages from the GSENM DEIS and FEIS, namely the pages containing Tables 3.7, 3.9, and 3.10 and also maps 3.5, 3.9, and 3.10. From the FEIS I have extracted and saved as a separate pdf the section of comments and responses.

I have also made a separate document in pdf and word containing recreations of the tables, by copying and pasting the data in the tables, into new tables I created in a word doc, and saved and also exported as a pdf.

The documents live here: Z:\Planning\Management
Plan\MMP_DEIS\Extracted_Pages_05152017

I have attached the documents as well.
